

BHCLR students, faculty & staff:

We want to remind you all to sign up for the BHCLR emergency text message system. BHCLR's emergency text message notification system (which may also be referred to as Baptist Health mobile alerts) is the safest way to ensure that you receive critical notifications on safety issues, school closings and weather alerts. The system sends simultaneous messages to all registered text-message capable phones to alert registrants of information critical to their safety and well-being.

Please note that certain carriers and "Go phones" do not allow for short codes, which is how our emergency texts are sent. If you cannot receive these texts on your phone, we also publish inclement weather info on www.bhclr.edu, on BHCLR's Facebook account, KARK Channel 4 and your student or staff email.

To sign-up for BHCLR text message alerts click the link below and follow the instructions. Once you submit your information, you will receive a confirmation text. You must reply "Yes" to this confirmation message in order to subscribe. Please note that depending on your wireless service agreement, a nominal charge may be incurred for sending/receiving text messages.

http://www.84700.mobi/pgM_Optin.aspx?ShortCode=84700&Key=BHEALTH

If the above instructions do not work then try the following!!!!

USER OPT-IN

You may 'Opt-in' to this service by texting **BHEALTH** to **84700**. By opting into this keyword, you agree to receive text messages from **Baptist Health: Baptist Health Mobile Alerts. (max 8 msg/mo)**. By signing up you agree to receive marketing text messages, which may be sent through an automatic telephone dialing system to the mobile number provided. Consent is not required to purchase goods or services.

Please contact it@bhclr.edu with any questions.
