Technology Requirements: Enrolled Students - All

All BHCLR programs of study require frequent utilization of technology. Students must have access to a personal computer. A laptop is required if the program is utilizing Examsoft testing. A high-speed internet connection and printer is recommended. Students will need access to software programs such as Microsoft Word, PowerPoint and Excel. Students may contact the BHCLR IT department, 501-410-7819, or visit <https://www.bhclr.edu/student-services/resources/it-services/> for more information on free online software alternatives.

A portable external laptop power bank is required to enable laptop use for the entire day. Chromebooks will not work with the Examsoft testing program.

Laptop System Requirements for Windows:

1. Operating System: 64-bit versions of Windows 10 and Windows 11
2. The versions of Windows 10 certified for use are 22H2, and Windows 11 21H2
3. Memory: 4 GB RAM
4. Hard Drive Capacity: 200 GB
5. Webcam with Microphone
6. Battery life: 4 hours
7. Internet browser: Current Version of Google Chrome, Internet Explorer or Firefox.

Mac System Requirements for Mac OS X

1. Operating Systems: Catalina, Big Sur, and Monterey
2. Memory: 4 GB RAM
3. Hard Drive Capacity: 4 GB or higher available space
4. Webcam with Microphone
5. Battery life: 4 hours
6. Internet browser: Current Version of Google Chrome, Internet Explorer or Firefox.
