Technology Requirements: Enrolled Students - All

All BHCLR programs of study require frequent utilization of technology. Students must have access to a personal computer. A laptop is required if the program is utilizing Examsoft testing. A high-speed internet connection and printer is recommended. Students will need access to software programs such as Microsoft Word, PowerPoint and Excel. Students may contact the BHCLR IT department, 501-410-7819, or visit <https://www.bhclr.edu/student-services/resources/it-services/> for more information on free online software alternatives.

A portable external laptop power bank is required to enable laptop use for the entire day. Chromebooks will not work with the Examsoft testing program.

Laptop System Requirements for Windows:

1. Operating System: 64-bit versions of Windows 11
2. The versions of Windows 11 certified for use are 23H2 and 24H2
