Technology Requirements: Enrolled Students - All

All BHCLR programs of study require frequent utilization of technology. Students must have access to a personal computer. A laptop is required if the program is utilizing Examssoft testing. A high-speed internet connection and printer is recommended. Students will need access to software programs such as Microsoft Word, PowerPoint and Excel. Students may contact the BHCLR IT department, 501-2027838, or [visit https://www.bhclr.edu/student-services/campus-resources/bhclr-it-services/](https://www.bhclr.edu/student-services/campus-resources/bhclr-it-services/) or more information on free online software alternatives.

A portable external laptop power bank is required to enable laptop use for the entire day. Chromebooks will not work with the Examssoft testing program.
