

School of Radiography

Make sure to get your documents in as early as possible and meet our preferred file completion deadline!

For questions, please feel free to contact the admissions representative at 501-202-7929, or AHAdmissions@baptist-health.org. Once the applicant file is complete (all documents have been received), the applicant will be notified if they have been selected for an interview date and time. An interview with the selection committee is the last step in the application process. It is the applicant's responsibility to turn in all needed items for the program application process. Failure to finish the application requirements will result in an incomplete application file and non-acceptance to the program.

Checklist for the School of Radiography:

*In addition to the basic requirements to apply to the Radiography program, the following documents/qualifications must be met to be reviewed for acceptance.

- **Application on file for the calendar year**
- **Official high school transcripts/GED certification**
 - Contact the high school attended to obtain official transcripts. If the applicant's high school is no longer in service, contact the Arkansas Department of Education. To obtain official GED scores, contact the Arkansas Department of Education.
- **Official ACT scores (the program does NOT accept SAT scores)**
 - ACT score of 19 or above is preferred, with a preference of 17 or above in math and science. BHCLR **will** super score multiple ACT scores.
 - BHCLR offers the ACT on our campus as a residual testing site. To register for the ACT, visit bhclr.edu, Prospective Students, then ACT registration.
- **Official college/university transcripts**
 - BHCLR requires an official transcript for each post-secondary institute attended, including but not limited to, concurrent college in high school and any college or university. A minimum of 2.5 GPA or higher is preferred. Once submitted the applicant file is sent for an academic audit. The academic audit will determine if all college/university transcripts have been received. Failure to list all colleges/universities attended may result in non-selection due to insufficient information given.
- **Personal statement**
 - To obtain the personal statement form, visit bhclr.edu, Programs of Study, then Radiography under requirements.
- **Observation hours**
 - **Must provide proof of current Flu vaccination.**

- To obtain the observation form, visit bhclr.edu, Programs of Study, then Radiography under requirements.
- The School of Radiography requires an observation experience for all program applicants. This experience must be six (6) hours and may be completed in any Diagnostic Radiology Department under the supervision of a registered radiographer (R.T. (R)). This requirement must be met and all forms returned by the file completion deadline of March 15th.
- **Financial Aid (optional)**
 - BHCLR Foundation Scholarships are available each semester to select BHCLR students. A new application is available online, in person with the Financial Aid office, or by request with the Financial Aid office by email or over the phone. For questions about the BHCLR Foundation Scholarships, please contact 501-202-7486, or financialaid@bhclr.edu.
 - Important note: As an affiliate university student, all financial aid will be completed through the affiliate university. Students at BHCLR are still eligible for BHCLR Foundation Scholarships.
- **Tour the Radiology Department (optional, but strongly encouraged)**
 - Contact the Program Director, Suzy Bullard at 501-202-7468 or suzy.bullard@baptist-health.org to schedule a tour of the Baptist Health Medical Center - Little Rock's Radiology Department.
- **View videos on the profession found on the BHCLR website**
- **Please note that these are the minimum requirements and applicants are ranked according to academic criteria to determine eligibility for an interview with the selection committee.**
